The University offers a Major or Honours program within the Bachelor of Arts Degree. Both programs have the following basic requirements:

1. Successful completion of 120 credit hours.

Note: The first year of a program leading to a LLB degree in a faculty of law at a Canadian university recognized by the Association of Universities and Colleges of Canada (AUCC) may be substituted for the fourth year (30 credit hours) of the BA Degree program with approval of the Registrar.

The Bachelor of Arts curriculum consists of a subject concentration and a prescribed distribution of courses.

1. Subject Major

Normally, 36 credit hours in one subject constitute a Major. Currently the University offers Major programs in the following subject areas:

The specific course requirements for a Major in a particular subject area are described in Section Six. Individual departments may, with senate approval, require a specific level of performance in courses applied toward a Major.

Students are expected to declare their subject Major to the Registrar's Office during their second year, and must declare a Major by the beginning of their third year.

2. *Minor (optional)*

Students pursuing a Bachelor of Arts degree may elect a Minor consisting of 18 credit hours in one subject. The specific course requirements for a Minor in a particular subject area are described in Section Six. Students who wish to designate a Minor are responsible for notifying the Registrar's Office of their selection.

3. *General Curriculum Requirements*

The arts curriculum is organized on the basis of a preparatory first year of general studies, partly prescribed, followed by three years of more intensive study in areas dictated by the student's interests and capabilities.

The normal course load in the academic year for full-time students in the Bachelor of Arts program is 30 credit hours. The minimum course load for full-time students is 9 credit hours per semester. The maximum is 18 credit hours per semester, with permission of the Registrar's Office.

In order to meet the goal of a liberal education to develop a breadth of knowledge and depth of understanding, the BA curriculum is offered in different groups and levels of courses. Candidates must successfully complete the following credits from each of the designated groups.

flexibly scheduled so that seminars, tutorials, full classes, and independent and group work will be scheduled as appropriate. Students will continue with their section of the program for the entire academic year and will receive, upon successful completion, six credit hours in each of the disciplines represented by the three professors. The multidisciplinary structure of the program provides opportunities to make connections between different subject areas, methods of investigation and research, and bodies of knowledge.

The University will annually announce specific areas of study or themes, and the professors who will cooperate in designing and teaching the course for the coming academic year. Any student who has been admitted to St. Thomas for a first-year program is eligible to apply, and will be sent detailed descriptions of the individual sections for the coming academic year. All such students will be informed of application procedures and deadlines. Because all first-year students should have equal opportunities to choose this alternative, if there are more applications than can be accommodated, admission will be by random selection.

b. *Second, Third, and Fourth Years*

Thirty credit hours are to be chosen in each year. Subjects available are:

Anthropology	French	Philosophy
Biology	Gerontology	Political Science
Business	Great Books	Psychology
Catholic Studies	History	Religious Studies
Communications and Public Policy	Human Rights	Science & Technology Studies
Criminology	Irish Studies	Social Work
Digital Journalism and New Media	Italian	Sociology

c. *Note on Requirements for Teacher Certificate*

For the purpose of teacher certification in the province of New Brunswick certain requirements in curriculum must be met. The specific requirements may be found in the New Brunswick Schools Act and regulations thereunder. Candidates for the BEd program are advised to consult the current admissions requirements for more information on "teachables."

d. *Note on Credit for Professional Courses*

Third and fourth-year arts students may be given academic credit for professional courses not ordinarily considered part of the liberal arts or science curriculum; credit will be given for a maximum of 18 credit hours in professional courses.

Applicants for such credit must obtain the consent of the Department in which they are taking their Major or Honours program, of the Registrar and of the committee on admissions and academic standing. Application for such credit should indicate a clear relationship between the student's Major or Honours program and the professional courses in question. These professional courses cannot be counted among the courses

satisfying the minimum number required for Majors or Honours.

e. *Grade Point Average Required for Graduation*

In addition to completing all the course requirements, candidates for graduation must earn an annual grade point average of at least 2.0 in their graduation year. A candidate whose annual grade point average is below 2.0 must take additional courses as determined by the Registrar's Office and achieve such standing in them as the Registrar's Office may determine in order to graduate. For information on calculating grade point averages, see Section Five, Part C – Evaluation and Grading.

f. *Distinction*

The recognition of "distinction" is awarded to graduates in the Bachelor of Arts and Bachelor of Applied Arts degree programs who attain a combined average of 3.7 over their last two academic years (60 credit hours) of their program.

Honours BA Degree Requirements

The Honours BA program is designed for students with a high level of ability who seek a more challenging and more specialized course of studies within the Arts program. Typically, an Honours program includes a greater number of courses in a student's chosen subject area, and certain advanced-level courses. In most departments, an Honours thesis is required. An Honours degree is commonly required for admission to master's programs at other institutions.

Certificate of Honours Standing

The certificate of Honours standing has been established to provide a means of granting appropriate recognition to those St. Thomas University arts graduates who did not follow the regular Honours program but who, subsequent to graduation, have completed all requirements for the Honours program. Students who have had the Bachelor of Arts degree conferred upon them are not eligible to receive a second arts degree.

This credential recognizes that the student has completed all of the current requirements for the Honours program in the appropriate subject. Students who earned a first undergraduate degree from another university are not eligible for this certificate of Honours standing. These students may enroll as upgrading or non-degree students on a full-time or part-time basis.

In addition to the basic requirements for a Bachelor of Arts degree listed in Section One: Part A, candidates for the certificate of Honours standing must meet specific requirements regarding entrance to the program, the Honours subject or interdisciplinary subject area, the Minor subject (optional), the prescribed curriculum, and the minimum grade point average. These requirements, as well as the procedures for opting out of Honours, are described below.

a. *Entrance to Honours program*

Honours is reserved for students who are performing at a high level in their Bachelor of Arts program. Individual departments, with senate approval, may require a specific level of performance in designated courses as a prerequisite to Honours.

To enter the Honours program, a student must receive the approval of the appropriate Department and notify the Registrar's Office. Normally, students enter the Honours program at the beginning of their third year.

b. Honours Subject

A minimum of 48 credit hours in one subject will normally comprise an Honours specialization. Candidates will include a minimum of 12 credit hours exclusively designed for Honours students and others capable of independent work at a high level. Usually these courses will be of the seminar type. In most departments, one course is an Honours thesis. Currently, the University offers Honours programs in

the following subject areas:

Anthropology	Human Rights	Religious Studies
Criminology	Interdisciplinary Studies	Science and Technology
Economics	International Relations	Studies
English	Native Studies	
French	Philosophy	
Great Books	Political Science	
History	Psychology	

The specific requirements for Honours in a particular discipline are described in section four. Individual departments may, with senate approval, require a specific level of performance in courses applied toward Honours.

c. General Curriculum Requirements

The general curriculum requirements for Honours are the same as those for a general BA. (See Section Two: programs, Part A. 3. General Curriculum Requirements.)

d. Grade Point Average Required for Honours

Candidates in the Honours program are normally expected to maintain a grade point average of 3.0 in the Honours subject. In calculating the grade point average for Honours, all courses in the Honours subject (or interdisciplinary subject area) will be counted. For Honours at graduation, a minimum grade point average of 3.0 in the Honours subject (or interdisciplinary subject area) is required. Distinction is awarded to those Honours graduates who have attained a combined average of 3.7 over their last two academic years (60 credit hours) of their program.

e. Procedures for Withdrawal from Honours

A student in Honours may withdraw from the program by notifying the Chair of the appropriate Department and the Registrar.

f. Minor (optional)

Students pursuing an Honours BA degree may elect a Minor consisting of 18 credit hours in one subject. The specific course requirements for a Minor in a particular subject area are described in section four. Students who wish to designate a Minor are responsible for notifying the Registrar of their selection.

B. Bachelor of Applied Arts Degree

St. Thomas University currently offers a Bachelor of Applied Arts in two areas: criminal justice and gerontology. Applied arts programs differ in substance from the BA programs in that they combine the study of liberal arts with technical training. Our applied degrees are “articulated” programs in that each is offered in partnership with one of the campuses of the New Brunswick Community College. Students in the BAA will enroll at St. Thomas for part of their program and at the appropriate community college for the rest. Upon comple-
